

Prop 011011A Additional Information

I would just add a point of information. Jennifer Taylor sent me financial information last week that clarifies the amount of the Athletic Budget that goes to "student aid" (it's labeled "Grant in Aid"). A total of \$2,533,960 goes to "Grant in Aid" (this is stated under expenditures in the FY10 Operating Budget). Of that amount, \$2,087,667 goes to room, board, and books, and \$446,293 is for scholarships, tuition waivers, and the like. Another \$125,172 is spent on student salaries, and \$55,400 is earmarked (not in the \$4.1 million I&G/F&A discretionary funds) for federal work-study wages.
