Assignment:**

**Assigned  
Committee:** Scholastic Affairs 11/16/10

**Proposal:** To add to the Faculty Senate Bylaws the following paragraph, which is concurrently proposed (in Proposition 7-10/11) to be deleted from policy 1.05.70:

University Budget Committee – Senate Representation: Each year at the April meeting, the Faculty Senate will elect 2 members of the senate to serve on the University Budget Committee. The term of each office will be for 2 years and commence the day following the last class day each spring semester. The term of office will end the last class day of the spring semester 2 years following. No senator will serve more than 2 terms consecutively. Senate representatives to the University Budget Committee shall be available to report to the senate, upon request, on matters related to this appointment and will submit a written report on such matters at the end of the term of office.

**Rationale:** To update the NMSU Policy Manual, but not lose track of the procedure that has been followed by the Faculty Senate to select the representatives for the University's Budget Committee.
