Whereas shared governance is an important function at NMSU that provides faculty the opportunity to assist NMSU's Central Administration in exercising needed leadership on Grievable Matters;

Whereas the Faculty Grievance Board of New Mexico State University ensures that all faculty members with issues before the board are treated with fairness and objectivity;

Whereas Professor Bosman tirelessly served for a full six years on the University's Faculty Grievance Board and has served as Chairperson of the board for four years; and

Whereas Ellen Bosman has discharged all duties as a member and leader of the Faculty Grievance Board with hard work, honor, and effectiveness.

Let it be resolved on this day that the Faculty Senate formally acknowledges the great job that Professor Bosman has done in carrying out her duties in an honorable, respectful and highly effective manner. Ellen, thanks for all you have done for the Faculty Grievance Board, and the institution as a whole.
