

Faculty Senate Vice-Chair Report
February 2019

This has been a short timespan of work and thus it will be a short report!

As Vice-Chair, I attended the January 14 ADAC meeting, but was out of town for the January 28 meeting. In the January 14 meeting, the need for ADAC to approve undergraduate minors was discussed and it was unanimous that ADAC wanted to continue to be in the approval queue. Also, a small change in the HRTM minor was made so that now it is 9 credits of 300-400 level coursework instead of just 300 level coursework.
