

University Planning (aka Faculty Success) Committee Chair Report

Report of November 13, 2024, by Erik Lehnhoff

The committee met on November 13, 2024 with four members present. There were no guests.

We discussed the task of reviewing and revising the University Promotion and Tenure ARP (9.2 and 9.3). Specific proposed modifications were suggested and discussed. The ARP have been added to One Drive and individual committee members have been working on the document online. We have a goal of creating a penultimate draft in November / early December, and sharing the document with Chair Chaitanya and Vice Chair Brown in December 2024.

No other business was conducted.
