

University Planning (aka Faculty Success) Committee Chair Report

Report of October 9, 2024, by Erik Lehnhoff

The committee met on October 9, 2024 with eleven members present. There were no guests.

We discussed the task of reviewing and revising the University Promotion and Tenure ARP (9.2 and 9.3). Specific proposed modifications were suggested and discussed. The ARP have been added to One Drive and individual committee members volunteered to make specific edits to sections of the ARP. We have a goal of creating a penultimate draft in November and being prepared to share it with the FSLC in November or December.

No other business was conducted.
