

University Planning (aka Faculty Success) Committee Chair Report

Report of September 11, 2024, by Erik Lehnhoff

The committee met on September 11, 2024 with nine members present. There were two guests: Faculty Senate Chair Vimal Chaitanya and Senior Associate Provost James McAteer.

Senior Associate Provost McAteer and Chair Chaitanya presented the task of reviewing and revising the University Promotion and Tenure ARP (9.2 and 9.3). This policy was last-updated in 2018 and is subject to cyclic review. The committee agreed to review and revise the ARP. After the guests left, we discussed possible ways to proceed, and agreed that working on a shared document would be most expedient. Committee Chair Lehnhoff agreed to combine all parts of the respective ARPs into two documents and share via OneDrive. Committee members agreed to read the ARP and be prepared at the next meeting to discuss in detail. No other business was conducted.
