

FS DEI Meeting, 11/15/23 Report

The meeting convened at 4pm.

Present: Bronstein, Bond, Olivas, Gamboa, Romero, Lavoie, Walker.

Absent: Ramos

The meeting began with some Q and A about street and other place name changes on campus and the committee decided to not to commit to calling for consideration of place name changes at this time. Jamie let everyone know that the diversity council for the university has been formed with a new charge, and what that charge is, and committee members should be on the lookout for any people, things, events that need celebrating or commemorating, or any diversity-related issues that arise.

The committee then took up Prop 3, the proposition memorializing the NMSU administration to seek additional legislative funding to support Indigenous People's Day. There was a little wordsmithing to the amended document, and the Proposition received a unanimous do-pass by the committee.

The membership of the meeting was canvassed to see if anyone wants to be nominated for Senate Chair for next year, but there were no volunteers.

The committee adjourned at 4:20pm.
